

First You Say Sorry Final Cut Transcript

1: Alright, so, this is who I would like to apologize to:

2: Sorry to my roommate. Um, I'm just not a good roommate...I watch, like, Netflix full volume really late at night, uh, and, like, play music and stuff, so yeah, sorry...

3: I'd say sorry to my mom for not listening to her more often.

4: I'd just like to say sorry to...me, one year ago, sorry that you have to go through so much pain, and sorry that the things that you're dealing with right now are happening to you...but hang in there, and everything's gonna be ok.

5: I'd apologize to my parents for my 12-year-old self 'cause I was a less-than-optimal middle-schooler.

6: I guess I want to say sorry to Jennifer Chen, um, I was a dumb kid—I'm still a dumb kid, but I was even a dumber kid back then—so, sorry about everything.

7: To the duck that I had as a child: I am very sorry that I got startled when you pooped on me and threw you into the air and you got hurt.

8: Um, apologies to my younger self for...not upholding some of the expectations that I...would like to fulfill for life.

9: I'm really sorry, Mom and Dad, for the time that Homeland Security showed up at our front doorstep because I ordered a batch of fake IDs. I'm so sorry.

10: Haha I'm so sorry (sung: so sorry) I dragged you to the store here. Haha no problem. I like the store.

11: I would apologize...to my mom, but I think she owes me an apology more than I owe her one...right now, at least.

12: I'm sorry to my dog because I miss you a lot, and I didn't give you enough love as a child, and you're really sweet, and I wish I could cuddle with you one more time.

13: I would apologize to my older brother for always bossing him around and making him feel like he was the younger sibling.

14: I'm so sorry—I cannot. I can't do this.

15: Sorry, Rachel...I once...um, (sigh) can't remember.

16: I'm sorry to my girlfriend, but we've been having this ongoing contest—this pull-up contest—to see who's stronger, and I've been working out, so you know...it's coming up, I'm gonna beat her! Apologies in advance.

17: I'm sorry for eating the veal at the restaurant. I didn't know it was a lamb. I cried haha.

18: I'm sure there's someone I kicked as a kid that I apologize to?

19: Um, if I had to say sorry to someone, it would probably be my mom because I feel like I take a lot more from her than I give back, in general.

20: I apologize for nothin'!

21: I would say sorry to my parents, for all the dumb stuff I've done, and they've supported me regardless.

22: I would apologize to Tristi if I punched him in the face.

Now I think another important thing to add is, when we say sorry, Tristi, Fletcher, when we say sorry, what do we also say?

Are you ok.

Ok!

First you say "sorry," and then you say "ok."

That's right.
